Angel Cottage was founded in 2005 to provide a home for 25 orphans and deaf students who attend Humble Hearts School, located in Nairobi, Kenya. Angel Cottage provides these children with a home where they are understood, receive 3 meals a day, have loving caregivers, and a safe environment to live and attend school.

As the school grew, and more deaf children and orphans arrived, the home quickly outgrew its original capacity. Angel Cottage is now home to 37 children with many more in need. Due to the lack of space, bedrooms are very crowded with some children sleeping 2 or 3 to a bed. Other children have been turned away and are unable to attend Humble Hearts School because they live too far away.

Land was purchased and in 2007 construction was started for a new Angel Cottage home, designed to comfortably provide for 80 children. It will have full-time house mothers who are fluent in Kenyan Sign Language so they can communicate with the children and understand all their needs.

These children need your help. Invite your friends and family and join us on May 3rd to help make their dreams come true!
